is the most brilliant student I have ever seen.  
He has a remarkable ability to learn new

A RECOMMENDATION LETTER TO RAMANUJAN

I can strongly recommend the applicant. He is a young man of quite exceptional capacity in Mathematics and especially in work relating to numbers. He has a natural aptitude for computation and is very quick at figure work. Though he has had no experience of statistical work, I am confident that he can pick up the details in a very short time.

## Mitos #1: Untuk mendaftar program magister, kita harus menyediakan RL.

- Rekomendasi dari 2 (dua) orang (dosen atau atasan) kepada program studi yang dituju di ITB. Rekomendasi tersebut diisikan ke laman pendaftaran mahasiswa pascasarjana ITB oleh pemberi rekomendasi, melalui tautan khusus yang akan dikirimkan ke alamat e-mail pemberi rekomendasi. Pemberi rekomendasi harus merupakan seseorang yang mengenal calon mahasiswa dan memiliki kapasitas untuk memberikan rekomendasi untuk mengikuti Program Pascasarjana ITB.

## Academic references

Depending on the course you have applied for, we normally require one or two references in support of your application. These should be supplied by academic staff at university-level institutions where you've previously studied. If you've been out of education for the last two years, you can send one academic reference plus one from your current employer if you wish. We would normally expect references be dated no more than two years before the start date of the course you've applied for.

1. Tuliskan semua nama yang potensial.

# Yang harus diperhatikan dari LoA

Pengaruhnya pada beasiswa

## Contoh: LPDP

*LoA Unconditional* adalah surat resmi dari perguruan tinggi (*official admission*) yang menyatakan bahwa seseorang telah diterima sebagai mahasiswa di perguruan tinggi tersebut dengan tanpa persyaratan, *kecuali* persyaratan sponsor pendanaan, dokumen fisik ijazah dan transkrip nilai jenjang studi sebelumnya, dan/atau persyaratan tambahan yang tidak berisiko mengubah status diterimanya orang tersebut sebagai mahasiswa pada program studi yang dituju serta memuat nama lengkap, jenjang studi, program studi, serta durasi studi, lama studi, permulaan studi dan/atau akhir studi.

*LoA Unconditional* yang diunggah harus memenuhi kriteria sebagai berikut:

1. Perguruan Tinggi dan Program Studi harus sesuai dengan salah satu pilihan pada aplikasi pendaftaran
2. *Intake studi* harus memenuhi ketentuan yang ditetapkan LPDP terkait waktu perkuliahan paling cepat yang diizinkan
3. Jika *intake* perkuliahan yang tercantum pada *LoA Unconditional* yang diunggah tidak sesuai ketentuan maka wajib melampirkan **Surat Defer (Penundaan)** dari Perguruan Tinggi yang menerbitkan LoA
4. Jika pendaftar mengunggah *LoA Unconditional* yang tidak sesuai ketentuan LPDP, maka dianggap tidak memenuhi kriteria pendaftaran.

# Deferring the offer

Mengganti semester/tahun *intake* studi

**1** Cek website institusi mengenai ketentuan *deferral*.

**2** Ajukan *deferral* ke *intake* studi yang berbeda.

**3** Tunggu keputusan *deferral*.  
Diterima = aman  
Ditolak = daftar lagi

## Deferring your offer

We do not normally offer deferrals. For some degrees, we may be able to make a very limited number of offers for deferred entry.

### Priority

Priority will be given to those who might have the most difficulty in engaging with the application process the following year.

Examples would include:

- applicants who are undergoing, or recovering from, intensive medical treatment
- applicants who will be travelling in remote areas where there will be little access to the internet
- applicants with serious health conditions (mental or physical health problems)
- maternity/paternity/adoption reasons
- extra-curricular opportunities, for example: elite sport, art/music related opportunities
- employment opportunities/internships directly relevant to your degree programme
- military service

### Deadline for deferral requests

The deadline for submitting a deferral request is 31 August.

### Unsuccessful deferral requests

If your deferral request is unsuccessful, we encourage you to take up your place for entry this year, or to withdraw and submit a new application for entry next year.

However, because competition for places varies each year, there is no guarantee that a new application will be successful.

## Mitos #7:

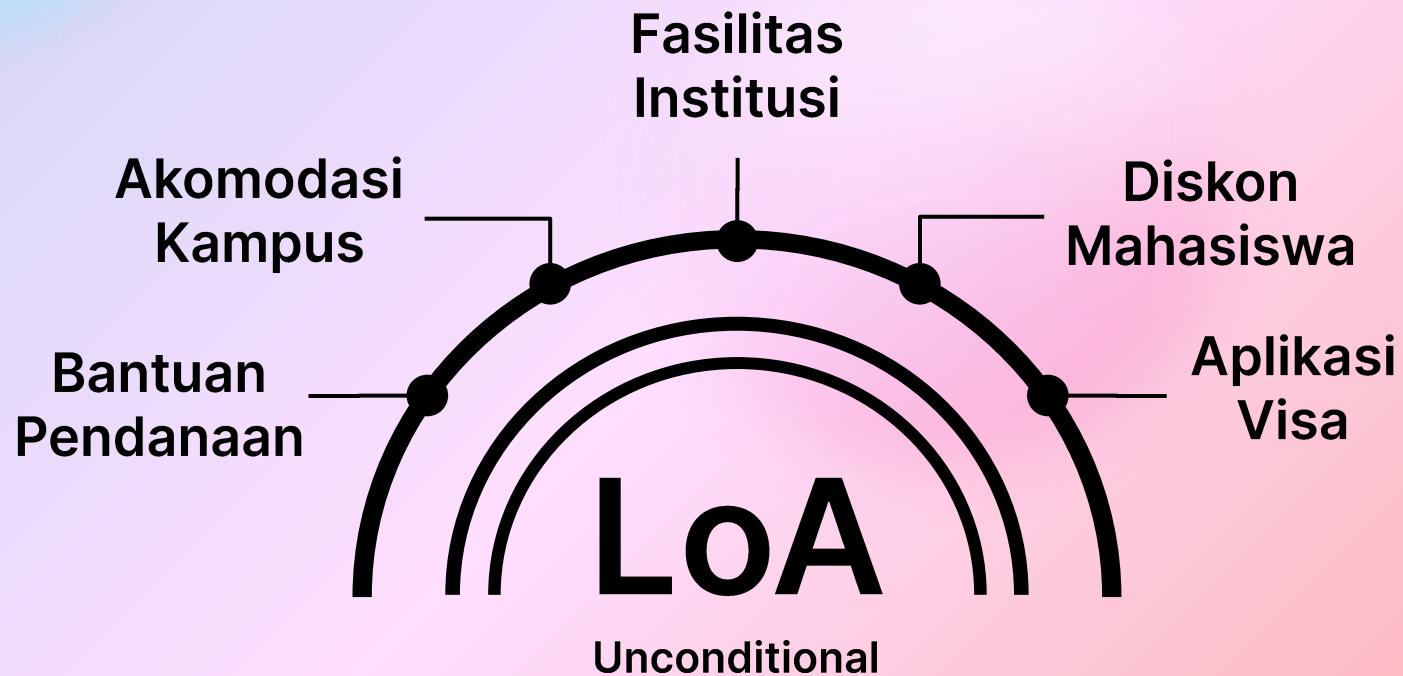

Dengan didapatkannya LoA dari suatu kampus, kita sudah resmi menjadi mahasiswa di kampus tersebut.

### Matriculation and payment of fees

You must matriculate at the start of your programme. You will be expected to pay your standard tuition fees and any additional programme costs for the year on first matriculation, and annually thereafter if your programme lasts more than one year.

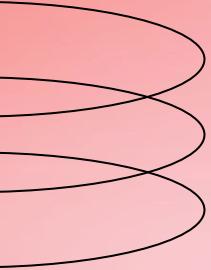

- + Step 1 - Before you start - Fulfil any admissions criteria (if required)
- + Step 2 - Before you start - Complete Annual Registration (online only)
- + Step 3 - When you start - Confirm your attendance with your School
- + Step 4 - Before/when you start - Pay your tuition fees
- + Extra Step for non-UK/Irish nationals - When you start - Attend International Check-in
